Dear Parents,

We would like to get to know you a bit better and would therefore be grateful if you could answer the following questions for us.

How would you best describe your family?

How would you best describe your child applying for BCS?

How can you as a parent/s best prepare your child for the future?

What do you consider to be the most important aspects for the education of your child?

How would you define a good collaboration between kindergarten and parents?

Please list the 5 most important characteristics you would use to describe a good school for your child.

If you could predict the future of your child, what would he/she be doing in 20 years time?

What does your family like to do in their free time (evenings, weekends, holidays)?

Why do you consider a multicultural environment to be important for your child?

Please feel free to include any photos/ pictures of your family.

---
