

The Berlin Cosmopolitan School (BCS) is an international school with a focus on science, music and dance. Founded in 2004, it includes Kindergarten, Preschool as well as Primary and Secondary school. BCS is a special school under free sponsorship that places lifelong learning in close relation to nature, society and living environments. It is the school home for currently 500 students from 44 nations. It is time for a new start into a future-oriented and sustainable future for our school. For this purpose we are looking for:

### **Physics Teacher (m/f/d), Berlin, Germany**

#### **Overall Responsibilities:**

- Encourage high standards in all aspects of school life, particularly in student progress
- Contribute to the effective and efficient running of the school
- Promote a school culture which is positive, purposeful and professional
- Support and motivate students, teachers and other school employees
- Encourage consultation, review and improvement

#### **Job Responsibilities:**

- Understanding curriculum requirements, and creating syllabi, lesson plans, and educational content that satisfy these requirements
- Analyzing the needs, strengths, and weaknesses of students and structuring lessons and assessments around them
- Adjusting teaching methods to suit different groups of learners
- Creating engaging, stimulating lesson plans and asking frequent questions to make sure students are on track
- Providing extra support to students that require it, and more challenging tasks to those who are ahead of the class
- Keeping abreast of developments and research in the field, and using this to ensure lessons are relevant
- Reporting any progress issues to the head of the department, as well as the parents
- Attending meetings, training sessions, workshops, conferences, and other continuing education initiatives
- Supervising lab sessions, delivering practical demonstrations, and accompanying students on field trips
- Keeping the line of communication open between students, staff, and parents

#### **Job Skills and Qualifications:**

- Degree in physical science or a related discipline
- Relevant teaching certification may be required
- Expertise in the field of mathematics
- Experience teaching in a classroom environment
- Ability to communicate effectively with all staff and colleagues
- Flexibility and high adaptation skills to work successfully in an unpredictable school setting
- Organization and communication skills

**We offer:**

- A special school with visions!
- A wide range of creative freedom and great openness to innovative ideas
- Cooperation with a dynamic international high-performance team
- A committed community of parents and students
- Enthusiasm for education
- The pioneering facilities of our school and the opportunities to develop them further in a goal-oriented manner
- Continuing education opportunities
- International events for our colleagues
- Company pension plan
- Subsidy for the BVG ticket and voucher card after the probationary period
- Daily freshly cooked lunch at very reasonable price
