Happy Holidays!

Ho! Ho! Ho!

The magic of the Winter Holidays is just around the corner, and the Extracurricular Team is thrilled to announce our 2024/2025 Winter Vacation program!

From December 16th to 20th, and again from January 2nd to 3rd, we're inviting your little elves to join us for days of festive fun and creative cheer.

This year, we're sprinkling a bit of extra magic onto our program. Instead of pre-registering for activities, your child will have the freedom to choose their own adventures each day! We'll be offering a delightful mix of sports, arts & crafts, and baking with plenty of time for both indoor and outdoor play.

To ensure your child is prepared for all possible activities, and weather conditions, we kindly ask that they have warm clothing (think cozy sweaters, snow pants, boots and raincoats) with them everyday. Having cold, wet feet is usually not as much fun.

Are you ready to peek at the program? We've attached a copy below, so your child can start dreaming about all of the fun that awaits them. Feel free to read it together and help them make their daily choices. There are some limits set for some outings and activities, but we will do our best to be fair and balanced for all our participants, grades 1-6.

This Vacation Program, let your child experience the fun of Winter!
