BERLIN COSMOPOLITAN SCHOOL

WE LIVE EMPATHY, EQUITY, EXCELLENCE IN EDUCATION

Mathematics and Physics Teacher (m/f/d)
(for secondary education)

Are you ready to inspire young people with a passion for mathematics and physics and to support their development within an international school community? Join the Berlin Cosmopolitan School (BCS), an international, non-profit educational institution with campuses in central Berlin and at Müggelsee. With over 820 pupils and 170 staff members from more than 45 countries, we are looking for a committed individual who will enrich our teaching team with subject expertise, pedagogical skills and a passion for mathematics and physics.

About us

Founded with the vision of fostering creativity and academic excellence, BCS has been growing steadily since 2004. Our journey – from nursery and pre-school through to a dynamic primary and secondary school – embodies our commitment to innovation and inclusion. At BCS, every day offers new opportunities to enrich the lives of our pupils.

Working hours: 40 hours per week. Open to part-time applicants working a minimum of 30 hours per week.

Your role:

In this role, you will inspire pupils to take an interest in mathematics and physics and support their academic and personal development at the Berlin Cosmopolitan School. You will plan and deliver varied and practical lessons at secondary level and guide pupils on their individual learning journeys right through to their final examinations. You will work closely with the teaching team and other departments, and play an active role in the international school community.

Your responsibilities

- Planning and delivering mathematics and physics lessons at secondary level (Gymnasium)
- Developing lesson plans and teaching materials in line with the curriculum
- Preparing pupils for final examinations, including the Abitur
- Fostering pupils' mathematical, analytical and scientific skills
- Planning and conducting practical projects and experiments to deepen pupils' understanding of scientific concepts
- Monitoring, assessing and documenting pupils' individual learning progress
- Communicating with parents and guardians about pupils' learning progress
- Working closely with colleagues and the teaching team
- Active participation in school life and school events

BERLIN COSMOPOLITAN SCHOOL

WE LIVE EMPATHY, EQUITY, EXCELLENCE IN EDUCATION

Your profile

- A completed teacher training degree with a teaching qualification in Mathematics and Physics, or an equivalent qualification
- Teaching experience at secondary school level, ideally including preparation for the Abitur
- Very good written and spoken German and English (C1)
- Strong teaching, communication and pedagogical skills
- A passion for conveying complex mathematical and physical concepts in a clear and practical way
- A structured, independent and committed approach to work
- Enthusiasm for innovative and pupil-centred teaching methods
- A passion for working with pupils, parents and colleagues from diverse cultural and international backgrounds

Place of work: Berlin

We offer

At the Berlin Cosmopolitan School, you will be part of an inspiring, international community where your professional development is just as important as your personal wellbeing. We offer:

- **A varied role:** You will work independently within a collaborative team of dedicated professionals from diverse backgrounds. We welcome new ideas just as much as we value professional exchange.
- **Catering benefits:** Enjoy a freshly cooked lunch every day at an unbeatable price.
- **Travel benefits:** We cover the cost of the Deutschlandticket, up to €49, immediately upon joining.
- **Innovative environment:** Work at a non-profit school that values creativity, inclusion and continuous professional development.
- **Company Pension Scheme:** Employer-funded pension contributions after two years of employment, with the option to make contributions through deferred compensation from day one.
- **Further education and training:** Take advantage of a wide range of further education and training opportunities, including Erasmus+ programmes.
- **Additional incentives:** After your probationary period, you'll receive a tax-free €50 shopping voucher every month.

- **Health & Wellbeing:** From day one, enjoy a contribution towards your Urban Sports Club membership. We cover the majority of the membership fee for you
- **Work-life balance and flexible working:** With our flexible working hours, flexitime and 30 days' annual leave, as well as the option of a sabbatical, you'll be able to strike a balance between your personal and professional life.
- **Central location:** We're based in the heart of Berlin, with excellent public transport links.
